Red Hawk Dealers:

Red Hawk endeavors to maintain our published catalog prices throughout the year. Unfortunately due to the steady price increases from our tire and wheel suppliers we are no longer able to hold our prices on tires and wheels. Effective July 14th we can no longer honor the catalog pricing on tires and wheels.

Over the past 12 months the price of rubber has increased by over 100%. We are hopeful that in the near future the rubber market will stabilize and we will once again be able to hold our tire and wheel prices steady. To find current prices, please log into the Red Hawk dealer portal or call your sales representative.

We appreciate your business and understanding in this changing market.

Regards
